Meets and Hears Addresses.

Shows Active Interest in Order.

The offer of Woodward & Lothron to contribute \$25,000 toward the fund for the completion of the Y. M. C. A. building, and the furnishing of the same, provided \$60,000 is subscribed by other citizens before May 1, has created considerable interest throughout the city. A practical outcome of the interest created was a letter received by the association from leading business men, members of the citizens' committee which was so helpful in the former canvass for funds. letter received is as follows: Washington, D. C., March 23, 1905.

"Gentlemen: Observing the announcement in the press of the splendid offer of two of the members of your board. the undersigned, believing that the conditions of this generous gift ought to be promptly met, beg to suggest that we will be glad to join with other business and professional men to assist in the work of securing the remainder of the fund which must be raised by May Very truly yours, "Signed, Edward Graves, Samuel J.

Shedd, J. Whit Herron, Clarence B. Rheem, William H. Saunders, Ralph W. Lee, E. S. Parker."

In order to carry out the suggestion of the above letter and make available this public-spirited offer, it is probable that another citizens' committee of 100 will be formed, and the membership announced in a few days. In the meantime, canvassers are going forward for a \$10,000 fund from the other mem-bers of the board of managers of the association, a \$10,000 fund from the membership of the association, and a fund of equal size from the women of the
